Foreign—

Premier Briand, having won the senate to his side with far greater ease than he captured the chamber of deputies, has now received a clear mandate from both branches of the French parliament to go to the Washington conference.

Joseph Wirth, who resigned recently from the office of German chancellor, has been designated by President Ebert to form a new cabinet, and has consented to assume the task. The new cabinet, it is assumed, will not be a coalition one, because the German People's Party elects to stand aloof from the new cabinet, and will make its fight on the floor. It is thought the new cabinet will be a "business man" affair, and it will be watched with interest.

Unofficial observers and those who have been informed of Lloyd-George's plan of campaign with the Irish agree that he has maneuvered de Valera and his associates into such a position that whatever the outcome may be—it will be a victory for Lloyd-George. The entire course of the negotiations has been handled by the premier with his characteristic cleverness and skill.

Soldiers in Paris hurriedly compelled the evacuation of the population in the vicinity of the fort at Aubervilliers, two miles outside of Paris, when fire broke out, and caused the explosion of gas and other shells.

The French government has taken action intended to prevent the demonstration before the American embassy in Paris, planned by Communists as a spectacular movement in connection with the Sacco-Vanzetti murder case in the United States, against the verdict in which the Communists are protesting.

A terrific tornado, characterized by the ship's commander, Captain Itano, as the worst in his thirty years experience at sea, struck this ship, carrying among other passengers the principal delegates of the Japanese mission to the Washington armament conference.

Former Emperor Charles of Austria-Hungary is making another spectacular bid—the second in eight months—to regain his throne in Hungary, but this time, as in the case of his former attempt, he is finding obstacles in his path. Declarations by the present Budapest government are that this attempt will meet the same measures as those which prevented his reaching his goal last March.

Washington—

There is a sharp division of opinion among Southern members of congress, most of who are Democrats, as to President Harding's Birmingham speech on the negro in politics. Many of them who were at first extreme in their criticism, have, to some extent, modified their views after reading the full text, and believe that while the president has spoken plainly and with courage, his parol has been to point out the folly of negro social aspirations through part success.

The excess profits tax will be repealed January 1, 1922, but will apply during the current calendar year, the senate has decided. This settles one of the most troublesome questions in connection with the revision of the revenue laws, and gives assurance that the government's chief wartime levy will be wiped off the statute books.

The return of the French ambassador, Jules Jusserand, direct from the seat of his government, adds a new interest in the arms parley. The position of France in the parley is not only pivotal, but one of sympathetic responsibility.

Formal opening of the conference on limitation of armament and far eastern questions will be November 12, instead of November 11, it has been virtually agreed by the invited powers.

Republican leaders in the senate have decided to redouble their efforts to speed up action on the revenue bill. Sessions will begin at 10 a. m., in order to lengthen the senate's work day and night sessions will be held if this seems necessary.

Josephus Daniel, former secretary of the navy, following at call at the Wilson residence, recently, says the ex-president is convalescing rapidly.

The interstate commerce commission extended permission to the Alabama and Mississippi Railroad company to abandon its railroad lines in the states of Alabama and Mississippi. The commission found that the 75 1/2 miles of lines controlled by the corporation had insufficient traffic to justify continuance of operations.

Issuance of permits to brewers for the manufacture of medical beer under the new treasury regulations will proceed with promptness and dispatch. Internal Revenue Commissioner Blair said recently.

When the conference of limitation of armaments takes up the question of size of army and navy and location of units, it will find the American military and naval forces are scattered more widely than those of any other nation, save Great Britain.

Expulsion from the house of Representative Thomas L. Blanton, Democrat, was called for in a resolution introduced in the house by the Republican leader, alleging that he had used obscene and unfit language in the publication in the Congressional Record of an extension of remarks relating to a row in the government printing office.

FALL IN MONEY IS A HELP TO PEOPLE

CUT OF ONE PER CENT MADE IN
INTEREST RATES ON NEW
CERTIFICATES.

NEW ISSUE IS \$200,000,000

Cheap Money Carries Along With It
An Enhancement in Value of Every
Form of Liberty Bond.

Washington.—The price of money is tumbling. There was a time when an announcement of this sort meant nothing to the mass of the people, it was but a sign that the man of Wall Street would have more and cheaper funds with which to work.

But each time money takes a drop now, it means millions of dollars to the plain people of the United States for falling money carries with it an enhancement of the value of each liberty bond issued by the government of the United States. It means further labor, it is announced, in connection with the installation of Robert E. Todd as commissioner of immigration for short-term securities issued at much the port of New York.

CHAMBERS HOLD JOINT MEET

Elizabeth City, Edenton and Hartford
Commerce Bodies are Working for
North-Eastern North Carolina.

Elizabeth City.—The Edenton Chamber of Commerce joined with similar organizations in Elizabeth City and Hertford at an enthusiastic meeting held at the Chowan county Court House for the development of North-eastern North Carolina along agricultural, industrial and manufacturing lines through the close co-operation of the people of the section, crystallized into definite result-getting action through the three chambers of commerce.

Twenty-one members of the Hertford chamber of commerce were present, along with a smaller delegation from Elizabeth City, headed by Secretary Job, of the local chamber of commerce and R. B. Shackell. The visitors were served a delicious supper of beaten biscuit, chicken salad, pimento and tomato sandwiches, and coffee, topped off with a sauce-covered plum pudding, all home cooked and prepared, and given by the ladies of Edenton at the historic Cupola House.

More than a hundred people were present at the mass meeting held later at the courthouse, where the organization of the Edenton Chamber of Commerce will probably be followed by the establishment of a daily newspaper at that city.

Statesville.—Mrs. Margaret L. Lippard, widow of William J. Lippard, a Confederate soldier, and mother of William Augustus Lippard, who entered the civil war at the age of 17 and was killed at Spotsylvania court house, was the recipient of special honors at the home of her son at East Mombro. Rev. D. L. Miller, pastor of St. Martin's Lutheran church, administered the Holy Communion to Mrs. Lippard, his oldest member, she having celebrated her 100th birthday on the 18th of July, 1921.

Kinston.—New York bond brokers have agreed to purchase a new issue of city of Kinston bonds for \$300,000 for power and lighting improvements. The bonds, in series, will be retired in from three to 40 years, and will pay 6 per cent, it was stated by William B. Coleman, the city clerk. The purchasers, who have handled large issues for the municipality in past years, will pay par and accrued interest for the bonds.

High Point.—Members of several High Point families were taken suddenly ill when they used milk that is believed to have been infected. The milk is said to have been purchased from the Dixie Dairy company, of this city. A representative of the corporation said the impure milk was caused by a defective boiler. A new boiler has been installed, and there is no danger now, the dairy man said.

Asheville.—Officials of manufacturing plants along the French Broad River, using power of the North Carolina Electric Power company have been requested to cut their consumption practically 50 per cent, due to the low water mark of the French Broad.

Fayetteville.—The Grand hotel building, on Hay street, containing, in addition to the hotel, the grocery store of Wooten and Camp, the Pleasants barber shop and a pool room, and building adjoining the hotel, housing the Royal cafe, were totally destroyed by fire.

Winston-Salem.—A special from Washington to The Sentinel conveys this information:

N. L. Cranford, the democratic acting postmaster at Winston-Salem, led all of the candidates in the competitive examinations for the Winston-Salem postmastership.

John T. Benbow is the choice of the republican state organization.

Wadesboro.—One of the most disastrous fires in the history of this city broke out in the Ingram apartment building. One of the largest brick buildings in this city, and completely destroyed it, entailing a loss of between seventy-five and one hundred thousands of dollars.

200 Daughters at Convention.
Winston-Salem.—One of the pleasing features of the opening session of the annual convention of the North Carolina Division of United Daughters of the Confederacy was an address by Miss Alice Baxter, of Atlanta, vice president general, U. D. C., representing the official staff of the general association.

More than 200 Daughters are in attendance. The sessions are being held in the new Robert E. Lee hotel. Norfleet Camp, U. C. V., attended session in a body.

Vance Cotton Crop Is Short.

Henderson.—The bulk of the 1921 cotton crops that will be marketed in Henderson has already been sold, and amounts to around 2,000 bales thus far, in the opinion of Geo. A. Rose, one of the principal buyers here, who said today, that he did not believe the entire crop to be sold here would go beyond 3,000 bales. Ordinarily Vance county grows a total of around 4,500 bales. Some of the 2,000 bales already sold here and of the prospective total of 3,000 bales, comes from outside Vance county.

THOSE LIGHTS ON BROWN MOUNTAIN

MYSTERY WHICH HAS PUZZLED
SCIENTISTS FOR SEVERAL
YEARS IS SOLVED.

ANDEAN LIGHTING IS CAUSE

As Regards Seasons, the Phenomenon
Always Begins in the Late Spring
and Last Seen in Late Fall.

Asheville.—The mysterious light on Brown Mountain in Burke county, which has puzzled scientists for several years, leading to many and varied theories as to its origin, is a mystery no longer, if the explanation contained in the current publication of the American Meteorological Society bulletin has the correct solution.

"Andean lightning is the name of this phenomenon, according to Herbert Lyman, writing in the bulletin. "Andean lightning," says the report, "is the name given to a very striking luminous discharge of electricity seen over the crest of the Andes in Chile, in a region where ordinarily thunderstorms are almost unknown."

"However the same phenomenon has been observed in the Swiss Alps and the mountains of North Carolina. Detailed accounts of its appearance in the region of Brown Mountain (17 miles from Blowing Rock) in the summers of 1917 and 1918 were given. As regards seasons the phenomenon begins in the late spring and is last seen in the fall. The frequency of discharge, says Dr. Knocne, seems in general to decrease with increase in distance from the equator.

"In the discussion the occurrence of such mountain brush discharges in the White mountains was mentioned."

Oxford.—Oxford is justly proud of the fact that it has never been threatened with a water shortage during the severe drought which has caused so much inconvenience in other towns. Far-sightedness on the part of the local government caused the digging of four deep wells months ago and these wells have furnished the citizens an abundance of water pure and free from all germs.

Wilmington.—No more wooden bridges are to be constructed in New Hanover county, it was announced by the board of county commissioners, the announcement being to the effect that all bridges between the city and Wrightsville sound along the county highways will be torn up and replaced with modern concrete bridges.

Salisbury.—With an attendance of over 7,000, the People's fair broke all former records for the first day's attendance. Several new features added considerably to the interest of the day's program. This year horse racing is being stressed, and an automobile and bench show are new features that attract much attention.

Statesville.—G. M. Kirley and Miss Beulah Little, who were in the Ford car which struck and fatally injured John Goforth near the Western Avenue Baptist Church, were exonerated of all blame in the hearing in mayor's court. It was shown to have been purely accidental.

Winston-Salem.—Citizens of Winston-Salem voted to issue bonds in the sum of \$1,450,000, of which amount \$1,000,000 will be used for schools, \$100,000 for parks and playgrounds and \$50,000 for hospital purposes.

Concord.—Concord's oldest citizen, Col. James N. Brown, celebrated his ninety-fourth birthday, the celebration consisting of a bounteous dinner served by his children. During the day "Colonel Jimmie" also received congratulations from his many friends.

Publish "Yellow Journal."
Chapel Hill.—"The Yellow Journal" is the name of a new publication which has made its appearance on "the hill" this fall. It is another university publication and apparently has a large circulation. It is a sensational sheet and is printed on brilliant yellow paper, portraying the life of the underworld of the university campus. The names of the editorial staff or business management were not disclosed. It is said that the journal has its origin in a fraternity in another college.

Another Serious Accident.

Marion.—Another serious accident occurred at the Carolina, Clinchfield & Ohio grade crossing in which a C. C. and O. passenger train going south struck an automobile driven by Nelson Stamey, killing his mother-in-law, Mrs. Laura Vance, aged 70 years, and injuring Robert Stamey, a six-year-old son of Mr. Stamey, and Sarah Stamey, a three-year-old daughter. Edith Stamey, 9 years old, was probably fatally injured in the collision. Mr. Stamey and family lived at Dreck, N. C.

CALOMEL GOOD BUT NEXT DOSE MAY SALIVATE

It Is Mercury, Quicksilver, Shocks
Liver and Attacks Your
Bones.

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug; besides, it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.—Advertisement.

Judge not your neighbor; he may be on the jury when it is your turn to face the judge.

FEEBLE BLOOD WORKS HAVOC

Gude's Pepto-Mangan Makes
Red Blood; Liquid and
Tablet Form.

When blood becomes thin and weak it is due to a falling off in the number of red blood cells. It is easily recognized by pallid skin or a bluish complexion, loss of appetite or unnatural irritability and a sensation of weakness. It is not dangerous at first. In fact, many people scarcely notice it and go on for days, thinking they will be better the next day.

The great danger is in the possibility of becoming seriously ill from disease, which can work havoc in a body that lacks the endurance and resistance in rich, red blood.

Taken in time and steadily, a few bottles of Gude's Pepto-Mangan are a great help. It improves the quality of the blood by adding red blood cells. They check the weakness, improve the appetite, and clear the complexion.

You can get Gude's Pepto-Mangan in liquid and tablet form at your druggist's. Get the genuine with the name "Gude's Pepto-Mangan" on the package. Advertisement.

If people would frankly admit their ignorance a lot of useless argument might be avoided.
